

GRAND JUNCTION GEOLOGICAL SOCIETY

www.gjgs.org

SEPTEMBER MEETING

**Joint meeting with the CMU Geology Students
Wednesday September 18, 2013**

**7:30 P.M.—Saccomanno Lecture Hall
In the Wubben Science Building**

**Judith Thomas, USGS
Will speak on
“The Piceance Basin Hydrologic Database”**

This database is a cooperative effort between oil companies, local governments and the USGS that brings a vast amount of chemical, quality and quantity data into one location.

Guests Are Always Welcome

Using the funds the Society received from the Rocky Mtn. Section, AAPG for last years meeting, the Society has formed the Grand Junction Geological Society Foundation. An overview of the Foundation will be presented at this meeting.

Any ideals for a Fall Field Trip ? If you have one please let one of the officers know about it.
